GAME PLAY

Curling Quebec and Curling Canada have developed Common Rules which we have adapted to be followed by all Leagues:

1. Players **must** enter and exit the ice shed wearing a mask. Masks are recommended for all participants during play, but are not mandatory. It is **strongly** recommended that masks be used consistently in the following game circumstances:
 - a. For both sweepers whenever 2 sweepers are used on a given throw
 - b. For the player controlling the house while providing verbal instructions to their team
2. Unnecessary yelling should be avoided at all times
3. Maintenance of 1m distance should be respected where possible
4. Each player must have his/her own broom, stabilizer, and/or delivery device. Club equipment will be available to rentals and the learn to curl program only. Stabilizers and brooms will be made available for purchase.
5. Avoid handshakes before and after the game.
6. Designate a player from each team to sanitize the rock handles prior to gameplay for their team
7. Hand sanitization should be performed prior to and following use of the all shared club equipment (measuring device, pebble can, nipper, mop, broom, and dust pan)
8. Indicate the score on the scoreboard following usual procedure

POST GAME

Teams are welcome to stay after their game and enjoy the post-game comradery. Tables will be assigned to sheets and spaced to ensure physical distancing. Seating at a table will not be pre-determined - the two teams can determine who sits adjacent to whom. The early draw should arrange to vacate the seating area in time for the late draw's arrival. Additional seating will be available in the lounge as needed. Bar service ends no later than 1am. Payments can be made by chit or card; cash will not be used.
