2022 - 2023 Planning

The list of teams and their 2022-2023 starting priority is also in the attachment. Start planning your teams for next season between now and the Closing Dinner. As a reminder, should the Skip leave Schaefer, but the 3 remaining players stay together, they will keep their ladder seed to start the following season. And skips - before announcing to me your team changes, please be sure to inform your former teammate(s) so when i send out summer updates, no one receives a nasty surprise.

Stay tuned for a think-tank discussion meeting in May or June to see if there's anything in Schaefer we need to change. Proposals will then be brought forth to a Skip's meeting at a later date to be voted on.
